Background

These summary profiles represent locality-specific travel-related data kept by the Virginia Tourism Corporation for the years 2012-2016.

Local Excise Tax Collections

Lodging Excise Tax Collected, Food Service Excise Tax Collected, and Admissions Excise Tax Collected represent the local *excise* tax collections for lodging, meals and admissions, respectively, if applicable in the locality. Incorporated towns within a county may also impose a separate excise tax. Excise tax collections from incorporated towns are included in this report. If applicable, a separate note identifying a town's collections and tax rate will appear at the bottom of the report.

NOTE: Localities imposing a local lodging excise tax may impose the tax on any or all classes of lodging such as hotels, motels, bed and breakfasts, cabins, and campgrounds. These collections are typically reported in July-to-June *fiscal* years, not *calendar* years.

The source for this data is the Auditor of Public Accounts.

Local Excise Tax Rates

Lodging Excise Tax Rate, Food Service Excise Tax Rate, and Admissions Tax Rates show the local excise tax rates (if applicable) for lodging, meals, and admissions as of the most recent fiscal year. These rates are typically for July-to-June *fiscal* years, not *calendar* years. The tax rates shown are only for the county or city listed. Incorporated towns may impose a separate tax rate.

The source for this data is an annual survey administered by the Weldon Cooper Center for Public Service at the University of Virginia. The survey is administered between spring and early fall of each year. For this reason, the fiscal year tax rate reported by each county may vary. <http://www.vatc.org/research/ExciseTax/>
